

## Superlight Suite.

Unlimited CRF pages.

Unlimited patients.

Even on a limited budget.

Superlight Suite is the quickest, easiest, and most affordable way to start using Catchtrial. With Superlight, we've simplified the platform's functionality, no special edit checks or controls are installed so we can offer an unrivaled price.

### Up and running in no time

Replace your paper CRF with a digital system in just one week. With Superlight Suite, you'll be able to access data anywhere, any time.

### Unlimited exports

Superlight Suite allows easy, unlimited CRF data exports. With a single click, download data into Excel, as often as you need.

### Built for your budget

By simplifying its functionality, we've built Superlight Suite for limited budgets perfect for smaller clinical trials and FIM studies.
